Now helping you get the Nexus in Freestyle M.O.M.

Sales tax collection is a critical process for every eCommerce business, and how you handle this will vary by your business needs. There are two great choices available to M.O.M. users, so we have developed a comparison chart to help you choose the right option.

Feature	M.O.M. Sales Tax Module	TaxJar Integration
Tax calculation	Zip Code, County & Zip	All Jurisdictions
Tax Tables available offline	Yes	No
Pricing Model	Yearly subscription through Freestyle	Integration is a onetime purchase from Freestyle, requires an active subscription with TaxJar
Cost	$1,100/yr.	$2,495/purchase + maintenance, requires TaxJar subscription
Tax Updates	Periodic updates in M.O.M.	Realtime
Nexus Report	Yes	No
State Tax Registration	Manual	Automatic
Reporting & Remittance by State	Manual	Automatic
Available M.O.M. Versions	Versions 8,9 & 10	Version 10
Product Categories & Exemptions	Manual set up by state	One time set up
Customer Exemptions	Rules apply to all states	Exemption by state

Can't decide between the two and afraid of the loss of connectivity? We have a third option to consider: choosing both. You can bundle the M.O.M. Sales Tax Module and the M.O.M. TaxJar Module, giving you have the best of both worlds: real time connectivity with the protection of sales tax tables present in M.O.M. so you are always able to calculate sales tax, even if there is a loss of internet connectivity. You will also have the power of the Nexus reports available in M.O.M. to complement the automatic reporting & remittance in TaxJar.
