Introducing Freestyle's Direct Integration to Shopify

Freestyle's direct integration to Shopify provides merchants with an efficient way to manage orders, fulfillment, inventory synchronization and more with ease, **within** the M.O.M. application.

Direct integration to Shopify will streamline the process of passing data between M.O.M. and Shopify, saving time and reducing manual entry of information. Allowing merchants to enjoy a powerful integration between **Shopify and M.O.M.**

Freestyle Shopify Direct Integration:

- **Download Orders**
    - Download orders directly within M.O.M.
    - Support for multiple types of discounts
    - Leverages latest API from Shopify
    - Orders are downloaded as prepaid
- **Synchronized Shipments**
    - Creates shipment record in Shopify
    - Shipment record will include shipping service level and tracking number
- **Synchronized Inventory**
    - Keep inventory levels accurately reflected in Shopify
- **Connect One or Multiple Shopify stores to M.O.M.**
    - Supports multiple Shopify stores
- **Publish/Update Product Information (Coming Soon)**

If you are interested in **getting the most** out of your **Shopify** store, contact us today to learn how we can help at 800-858-3666
